1 Inspection of Rooms

The Hall Office Staff reserve the right to enter rooms at any time with or without notice for the purposes of inspection and if they consider necessary, to take evidence of apparent non-compliance with these Rules & Regulations.

2 Condition of Room & Common Facilities / Care of Premises

- a. Each resident is required to submit an Online Inventory Checklist via the *Online Room Checklist Application (ORCA)* – https://venus.wis.ntu.edu.sg/hms_ship/orca/login.aspx within 3 days of collecting the room keys. Graduate students are required to fill in a hardcopy inventory checklist. The room and its furnishings will be deemed to be in good order if a checklist is not submitted. Residents shall be responsible for any loss or damage thereafter, and may be liable to any other disciplinary action decided on by the Hall Office/Student Housing, if such damage or loss is determined to have been caused by carelessness, negligence or improper conduct of residents, or their guests or visitors.

Roommates are jointly responsible for room damage, and charges shall be shared equally unless one occupant is known to be responsible. In the event where one occupant has withdrawn, the remaining occupant in a double room shall be responsible for the entire room and all its furnishings.

- b. Residents are not to make any alteration to the premises or to remove any fitting. Residents are not to install a lock of their own or to have an additional one unless approved of by the Hall Office/Student Housing.
- c. All residents are to display the name cards provided by the Hall Office on the doors conspicuously.
- d. Residents are not to use any form of adhesive tape, Blu-Tack™ or equivalent, concrete nail or other means of fixing objects to the furniture, windows, walls, doors, etc. in the rooms and surroundings. The cost in making good any damage done in the process of removing these items shall be charged to the residents concerned.
- e. All premises shall be kept clean, neat and maintained in good condition. Residents are to keep their rooms clean and tidy so as not to compromise the health and safety of their roommates and fellow residents. When the Hall Office/Student Housing determines that residents have failed to upkeep the cleanliness of the room, furniture or fittings provided, it will arrange for cleaning services to be carried out. The cost of cleaning will be borne by the resident(s) concerned. The corridors/staircases are to be free from all personal items which pose as obstacles during an evacuation and to cleaning work. Residents are not to litter or burn waste material.
- f. Vinyl flooring is not to be flooded and wooden furniture is not to be washed with water.
- g. Furniture is not to be indiscriminately used. Residents are not to shift any furniture from the designated places to other locations.
- h. Residents are not to tamper with the computer network points. Use of the network points in the halls is governed by the terms and conditions issued by CITS. Details are at

<http://www.ntu.edu.sg/cits/securityregulations/Documents/RulesRegulationsStudent.pdf> &

<http://www.ntu.edu.sg/cits/securityregulations/Documents/faqstudent.pdf>.

The owner will assume all responsibility for the device and be accountable for any IT security issues. Details are at

<http://www.ntu.edu.sg/cits/itnetworking/NTUwireless/Pages/wireless-router-for-hostel-and-staff-apartment.aspx>.

- i. Cooking is only allowed in the pantries. All pantries are to be kept clean at all times. Any utensils provided for residents' use are to be cleaned after use and kept.
- j. Residents are not to dismantle or tamper with fire alarm devices, fire hoses and door closers. Offenders shall be evicted from the Hall.
- k. Laundry is to be hung only at designated drying areas.
- l. Residents are not to wilfully damage the building, property or fixtures and fittings belonging to the Hall, or permit them to be damaged in excess of reasonable wear and tear and which in the opinion of the Hall Office/Student Housing, falls into the categories mentioned above. Residents are not to dismantle beds, detach blinds, window grilles and mosquito netting. Individuals responsible for such damages should be prepared to assume full cost for repairs or replacement.
- m. Residents are to report any loss or damage of hall property to the Hall Office immediately. Residents on the floor or in the block, where the loss or damage of property in the common areas has occurred, are liable to defray the cost of repairing or replacing the property concerned, unless those responsible have been identified and assessed.

3 Keys & Security

- a. Residents are advised not to keep large amounts of money and valuables in their rooms. For security reasons, residents are to lock all doors and windows each time they leave their rooms.
- b. The Hall Office/Student Housing assumes no liability for damaged, lost or stolen personal belongings.
- c. Any resident who has borrowed any key from the Hall Office (applicable to Halls 1 & 2) is to return it on the same day. Any door key borrowed from the Campus Security Division is to be returned by the next day. Residents who do not return borrowed keys on time shall be fined the daily rate - \$10(\$18) and \$16(\$28) for double and single rooms respectively (figures in brackets refer to Halls with air-conditioned rooms), including weekends and public holidays per key per day until the keys are returned.
- d. Residents are not to duplicate any keys issued by the Hall Office. Unauthorised entry to a room by means of a duplicated key is a serious offence. Trespassers shall be seriously dealt with, and the duplicated key(s) shall be surrendered to the Hall Office.
- e. A fine shall be charged for the loss of any key/card key/key fob issued by the Hall Office. The amount of the fine will depend on the type of key. The charges are displayed on the Hall's notice boards. For some Halls, a change of door cylinder is necessary if the door key is lost and additional charges will apply.
- f. To avoid unnecessary disputes, residents are not to pass their room keys to anyone or leave their room keys in any place where they may be taken without the residents' knowledge or consent. No one is allowed to stay in the rooms if the rightful occupants are not around.

4 Visitor Policy & Illegal Squatting

- a. Visiting hours are from 7.30am to 11.30pm. All guests (i.e., visitors who are not rightful occupants of the room) are to leave by 11.30pm. Residents are not to allow members of the opposite sex to stay in their rooms, except for short visits and subject to no complaints made by fellow residents. The door, windows and blinds/curtains are to remain open during the visit. Residents are responsible for the conduct of their visitors.
- b. Residents are not to accommodate any guest in their rooms without prior approval from the Hall Office/Student Housing. A resident who harbours or in any way assists an unauthorised guest is liable to eviction from the Hall and the balance of the rental fees will be forfeited.
- c. Any person found residing in a room without approval from the Hall Office/Student Housing shall be treated as an illegal squatter. A non-resident will be charged \$40 a day for the period of stay – in any case for a minimum period of one week. If the offender is a resident of the same hall or

other hall, all parties concerned shall be evicted from the Hall and the balance of their rental fee(s) shall be forfeited. The Student Affairs Office and the respective school will be informed.

5 Rightful Room Occupancy

- a. Residents are not to exchange or transfer their rooms without approval from the Hall Office/Student Housing.

The errant resident and the illegal squatter shall be dealt with according to Clause 4(c). Graduate students are to submit a hardcopy declaration form. Refrigerators are not to be more than 1.2m in height. They are to be placed inside the room; otherwise in the designated recessed areas in certain Halls. No refunds of electrical charges will be made for withdrawal during a period (refer to the Terms & Conditions listed in the *FDS* or consult your hall office for the defined periods).

Residents who fail to declare the installation of their refrigerators, or who are persistent in placing the appliance outside their rooms even after being warned, are each liable to a double charge of \$160 per period.

- b. Residents are not to install or use air-conditioners (except for rooms on levels 1 and 2 of Hall 4), coolers or cooking appliances of any type in the room, because their high electrical consumption causes electrical tripping easily. Residents who install air-conditioners in Hall 4 are required to pay \$90 per month. Heating coils and hot plates are banned in the rooms as these items are easily faulty and will cause power trips.
- c. Selected rooms at various halls are fitted with air-conditioners. To use the air-conditioner, residents may purchase a zero value Pre-Paid Card (PPC) from their Hall Office. The PPC may be topped up with stored value at any of the designated compatible top-up kiosks. The air-conditioner can be used when a compatible PPC with sufficient stored value is inserted into the PPC reader in your room. Residents who purchase a PPC and make use of the air-conditioner are required to agree to and comply with the Terms & Conditions governing the use of PPCs and air-conditioners ([http://www.ntu.edu.sg/has/Undergraduate/Documents/TnC_\(Pre-paid\).pdf](http://www.ntu.edu.sg/has/Undergraduate/Documents/TnC_(Pre-paid).pdf)). The air-conditioner thermostat should not be set below 23degC at any time. The room door and windows are to be closed when the air-conditioner is operating. More information on room air-cons and the location of top-up kiosks is available at <http://www.ntu.edu.sg/has/Undergraduate/HallLiving/Pages/RoomAir-cons.aspx>.
- d. Residents are not to tamper with, dismantle or otherwise damage the PPC reader or air-conditioner in the room. The act is tantamount to vandalism. Tampering with, modification of, manipulation of the data contained in a PPC or use other than for its prescribed purpose is prohibited. Fraudulent or unauthorised use of the air-conditioners is a serious offence and will result in disciplinary action, including but not limited to eviction from the hall. You are liable for all costs due to the university.
- e. Residents are to use only electrical accessories such as 3-pin plug, multi-plug, extension drum and electrical appliances that bear the SAFETY Mark. This is to ensure the safety of all users and to avoid tripping of the electricity supply.

- f. Residents are not to use the power sockets located outside their rooms, which are provided for use by contractors for the cleaning of common areas. The plug from such power sockets may be disconnected by the Hall Office without any liability.
- g. All electrical appliances (except refrigerators and thermos flasks) are to be switched off when nobody is in the rooms/common rooms. A fine of \$5 shall be imposed for failure to do so. The errant resident shall be evicted after incurring 3 fines during his/her stay on campus. Lights and fans in the lounges, TV rooms, etc., are to be switched off when not in use.

8 Subscription of Telephone Lines

- a. Phoneline applicants/subscribers are responsible for bearing the full cost for the replacement of faulty phone-jacks, cabling or any other replacement/repair arising from their phoneline application/subscription. Phone-jacks are not available at Halls 5, 8, 9, 10, & 11 and at Crescent & Pioneer halls.
- b. Residents who are affected by regrouping/shifting, are to bear all administrative costs incurred, i.e. the activation and visit charges for the external removal of telephone lines and any other additional services required. The Hall Office/Student Housing is not liable in any dispute that arises between SingTel and the residents concerned.
- c. Phoneline subscribers are to terminate their lines with SingTel immediately upon withdrawal or transfer of rooms. The Hall Office may instruct SingTel to terminate the lines in the event when the subscribers fail to do so. All costs involved are to be borne by the subscriber concerned.

- b. Residents who do not return their room keys by the check-out date shall be treated as overstaying and will be charged the daily rate - \$10(\$18) and \$16(\$28) for double and single rooms respectively (figures in brackets refer to Halls with air-conditioned rooms), including weekends and public holidays.
- c. Upon withdrawal, residents are to ensure that their rooms are clean and shall remove all their belongings from the hostel room, including bicycles from the bicycle shed; failing which, the Hall Office shall remove their belongings from their rooms without liability. Any bulky items, e.g. fridge, furniture or air-conditioner installed in Hall 4 etc., left in the rooms shall be regarded as unwanted and removed by the Hall Office. Any cost incurred from the removal shall be charged to the last occupant(s).
- d. Upon the release of their final exam results or 30th June, whichever is earlier, final year students will not be eligible for residence. They will be required to withdraw by the end of the next quarter month period. Appeals for an extension of stay may be considered on a case-by-case basis, subject to vacancies. Extensions granted will be charged at the daily rate of \$10(\$18) and \$16(\$28) for double and single rooms respectively (figures in brackets refer to Halls with air-conditioned rooms), including weekends and public holidays.
- e. Residents who are on leave of absence or are no longer students of the University are to withdraw from the Hall by the end of the next quarter month period from the date the Office of Academic Services sent the official notice.
- f. Residents who are going overseas for exchange programme/IA or other academic programmes are to withdraw from the Hall. They are to give advanced notice for withdrawal.
- g. Graduate students who withdraw from their studies at NTU, complete their candidature before the given withdrawal date or convert to part-time candidature may not continue their stay and must check out of their room within 5 days of being served notice by the Hall Office/Student Housing.
- h. Graduate students are required to submit an online vacate notice (refer to <http://www.ntu.edu.sg/has/graduate/pages/checkingout.aspx>) two weeks before their intended withdrawal date or expiry of their lease, whichever is earlier. Residents may be charged two weeks' rent in lieu of notice for immediate withdrawal.
- i. Withdrawing residents are to settle all outstanding fees/bills. Students with outstanding fees will be barred from viewing examination results in the current semester and from registering courses in the following semester. For graduating students, an administrative hold on your degree certificate and transcript will be imposed until all outstanding fees are cleared. Outstanding fees may be settled at One Stop@SAC. Late payment fees apply.
